HOUSAM ALDEEN IBRAHIM AL-HAMMAD

MEAL | DATA & INFORMATION MANAGEMENT

Raqqa, Syria | +963 996 938 954 | hussamhammad618@gmail.com

Date of birth 19 September 1996 | Skype ID: live:.cid.ed620245e75dbfec

EDUCATION

Master's degree in computer science – In Progress | Syrian Virtual University (SVU)

Bachelor's degree in mechanical design and production engineering | Al-Furat University | Graduated December 2021.

CORE COMPETENCIES

MEAL and Information Management professionals with experience supporting humanitarian programmes across WASH, FSL, Habitat, Protection, Education, Health, and Relief sectors. Experienced in monitoring programme implementation, indicator tracking, data collection and quality assurance, accountability and feedback mechanisms, needs assessments, PDMs, FGDs, KIIs, and reporting. Proficient in KoboToolbox, Power BI, Microsoft Office, DAX, and data management.

PROFESSIONAL EXPERIENCE

MEAL Assistant | Premier Urgence International

Jul 2026 – Present

- Implement field-level monitoring plans and maintain activity monitoring schedules across Habitat, WASH, and FSL projects.
- Deploy digital data-collection tools including KoboToolbox and support community volunteers and enumerators on data-collection protocols.
- Compile and organize governorate-level data for monthly and quarterly reporting and maintain indicator tracking matrices.
- Conduct first-level data cleaning and quality checks, flagging anomalies and inconsistencies with supporting documentation.
- Facilitate and support Focus Group Discussions (FGDs), Key Informant Interviews (KIIs), and Post-Distribution Monitoring (PDM) surveys.
- Support baseline, midline, and endline assessments and evaluations through field data collection and documentation of lessons learned and preparing reports.

MEAL Officer | BAHAR Organization

Jan 2025 – Jul 2026

- Developed monthly MEAL workplans and established indicators to monitor progress against project objectives.
- Managed programme information and produced visual reports and data presentations using Power BI.
- Monitored project activities, expenditures, and progress against planned results and supported follow-up on implementation steps.
- Conducted needs assessments using questionnaires, Bills of Quantities (BOQs), and Focus Group Discussions (FGDs).
- Monitored beneficiary and community satisfaction and supported complaint and feedback mechanisms, including tracking and documentation.
- Monitored the quality of goods and services provided by suppliers and followed up on tender and procurement procedures, including bid openings.
- Collected lessons learned and learning information from project implementation to support programme improvement.

Data Entry | IDA-Germany

Sep 2024 – Oct 2024

- Collected and entered patient data through the health information system and maintained accurate beneficiary records.
- Prepared periodic reports and analyses of beneficiary records for the direct manager.
- Organized files and documents for efficient classification and retrieval and supported administrative reporting.

MEAL Officer – Field | BAHAR Organization

Dec 2023 – Sep 2024

- Designed data-collection tools based on project indicators, questionnaires, and surveys and analyzed qualitative and quantitative data.
- Developed monthly workplans and followed up on the Indicator Progress Tracking Table (IPTT).
- Managed project databases, reviewed entered data, checked errors, and maintained archived and backed-up copies.
- Supervised 27+ enumerators and 2 data-entry staff and supported field data-collection processes and data-quality checks.
- Conducted field visits to monitor implementation of project plans and supported needs assessments, FGDs, KIIs, and PDM activities.
- Produced periodic reports and data visualizations using Power BI and documented educational information and lessons learned.
- Monitored beneficiary satisfaction and managed complaints and feedback tracking and documentation.

Data Entry | BAHAR Organization

Mar 2023 – Dec 2023

- Recorded and maintained project entries and databases in an organized and accessible format.
- Stored and shared project data with the Project Manager through cloud applications and continuously updated databases.
- Updated mobile-phone systems are used for data collection and prepared and shared staff reports.
- Archived and classified project paper files to facilitate retrieval and access.

Field Team Leader | Syrian Arab Red Crescent

Sep 2021 – Mar 2023

- Conducted field surveys and needs assessments during project design and supported the planning and organization of field activities.
- Developed detailed field activity plans and monitored team performance through daily and monthly progress reports.
- Addressed field challenges and supported smooth implementation of planned activities.
- Participated in monitoring and evaluation activities, interviewed beneficiaries and stakeholders, verified data accuracy, and entered data through digital data-collection tools.

TECHNICAL SKILLS

MEAL & Data: KoboToolbox, Power BI, DAX, HIS Advanced

Microsoft Office: Microsoft Office tools

Programming: HTML, CSS, Phthon

Design & Technical: Adobe Photoshop, Adobe Acrobat, SolidWorks, Automation Studio

LANGUAGES

Arabic — Native Speaker | English — Professional Working Proficiency
